

Cindy Kestler
Paralegal/FSA

Cindy comes to Scythe & Spade with several years of experience as an administrative assistant. Originally from Missouri, she has lived most of her adult life in Oklahoma and Texas, and is quite familiar with farming.

Her experience ranges from raising a family, to driving a tractor, to processing A/P and A/R for a large Oil Company. The past 15 years she has worked as a legal assistant in fields ranging from estate and probate work, family law, litigation and real estate, where she was a licensed escrow officer.

Cindy's experience, along with her attention to detail and excellent communication skills, makes her a perfect fit for our FSA department. Cindy prepares all of the necessary documentation for payment limitations and for filing enrollment documents for the FSA program each year. She works very closely with

our clients to give them the peace of mind in knowing that their enrollment needs are being taken care of, enabling them to focus on the pressing matters of their farming operation. She prepares the FSA end-of-year summaries for all of our clients and immediately rolls to the next year; preparing for the changes and what needs to be done to start the process over again.
